If you would like to help your club out and be more involved come to the club meeting for more information or check out the bylaws on our website. Moving on, January 7th is the start of Polar Bear League. The Sportsmen's Expo will be on January 19-22, 2017. We'll I think that all I have to report for news letter. See you at the range...

Stickbow Classic

I would like to thank everyone for all of their help making this years Stickbow Classic a success. It was smooth sailing all the way and it would not be possible without all of the great members at Maya. There are a few key rolls that

highlight the event but not one of them could succeed without the support of everyone who comes out and helps, even if it is for just one work party to help with the range or the targets.

I am happy to say that no matter how many people I approached during and after the shoot I could not find a single complaint. Everyone was very happy about our range, the shoot and everyone who was there to help direct them. This is the smoothest and most successful shoot I have been a part of at Maya. This was a trial run to square away all of our processes and prepare for the Around the World. If we have the help we had on this shoot come time for the Around the World I am certain that shoot will go as flawlessly as this one but on a grand scale.

Thank you again from myself and all the other officers for helping Maya be one of the nicest ranges around and helping the Stickbow Classic be one of the smoothest, nicest shoots that most of those who attended have ever shot.

Jeff Azar
VP

I don't know about you but I'm going to into withdrawals with the big game hunting season winding up for 2016 here in California. But don't forget turkey season has opened up for the fall season and you can enjoy the hunt by getting out there and trying to get your bird. I want to congratulate and thank all the bow hunters who have sent me a picture of their 2016 successful hunts... many more than last year. We will be giving away hunting awards (gear) again this year at our annual Awards Banquet in March 2017. So if you have not reported your big game to me by January 2017, you could be missing out on some the gear to be given out to the winners.

Dave baker

Once again I would like to remind you about mandatory reporting your success or unsuccessful hunt this year to CFW web page... you can go online to complete this. All you need is your GO number (which can be found on your hunting license) and complete the questions.

As for myself, I struck out big time this year in California and to top it off I had to eat a Wyoming archery elk tag. A fire in my area hampered the season and a good portion of the area was closed off. This would have been a solo hunt and since it was in a grizzly area where I've had more than enough encounters before I elected to pass this year. I can't tell you enough how much that pained me in not going elk hunting this year. But with that I will immediately turn my attention towards applying for the big game draw for elk in Wyoming beginning January 1st, 2017. With the beginning of the 2017, application periods for out of state kick off sooner than you think. So it's not too early to begin thinking about next year hunts and making plans for 2017. Something new for California in purchasing your Fishing or Hunting licenses... CFW will no longer accept cash at their offices when purchasing license or permits. As I see it, you will need a credit or debit card now. As for you Facebook fanatics, we have our own private group on Facebook call 'Maya Archers'. You're invited to join and be privy to the latest news and events at the club. Currently we have over 100 people in the group and it keeps growing.

Also we would like to hear some feedback on our Broadhead league... if you have any suggestions or gripes; we would like to hear it. You can either contact Robert Williams or me directly as how we might make it a better experience. Our goal is to improve attendance and provide a competition while shooting broadheads to our members and guest. Besides that, we give away some really nice prizes to the winners. Even if you're not into competing, the opportunity of shooting your hunting equipment before the season only improves your success in the field.

As the Holiday season rapidly approaches, we turn our thoughts to our families and the good fortune the year has brought us. Our Toys for Tots is coming up quickly and we be held at the range December 4th, 2016. All that is required is that you bring one unwrapped toy to shoot. Shooting will begin at 9:00 AM, and this year we will be shooting Rinehart targets. So please make an effort to contribute to this annual event and bring Christmas Joy to some of the unfortunate children in our area.

Dave Baker – VP Hunting

Thank you all to helped with the Zombie shoot this Halloween, it was a nice shoot with some new targets, old targets, and some rats to shoot off the hay bales. The Zombie Shoot this year brought in 41 score cards, we had 200 pounds of food collected and 45 dollars turned over to the Placer County Foodbank. Thank you all to came to help setup the targets and take them back down. Amanda and Vickie, I want to give you a special shout out for the fantastic decorating you two did. The targets themes were notices and complemented on. Again, Thank you so much for helping. I was able to pick up 5 more targets for next year at the after Halloween sales events. I think people will like to shoot them also.

Nor Cal

Nor Cal /
Legislative

What is Nor Cal? The full name for this regional group is Nor Cal Bowhunters. They represent the areas 9 archery/bowhunting clubs and 3 archery pro shops to California Bowmen Hunters State Archery Association (CBHSAA). CBHSAA and Nor Cal are chartered to the National Field Archery Association (NFAA). What do Nor Cal and CBHSAA do for Archery or Bowhunting? There are many facets to their representation of Archery and Bowhunting. CBHSAA is "Dedicated to Promoting and Protecting the Archery and Bowhunting Heritages". This statewide organization speaks for California Archers and Bowhunters in matters concerning Legislation and Regulation since 1943. The Legislative committee of CBHSAA includes a Coordinator, 6 state area reps and each region group has one legislative representative. Archery is a shooting sport so at times issues

arise to limit or exclude the shooting of Bows and Arrows for any purpose. CBHSAA will pursue those actions for the benefit of all Archers and Bowhunters.

The next Nor Cal meeting will be Wednesday December 14th at Maya's clubhouse, 7pm. There are 7 petitions from CBHSAA to discuss changes to bylaws that cover correcting language to match NFAA in regards to traditional styles and classes.

The next California Fish and Game Commission meeting (CFGC) will be held December 7th and 8th in San Diego. Agenda item #16 reviews a submitted petition to modify Title 14 CCR section 28.95 bowfishing for sharks and rays. The commission will decide to either not accept the petition which means no change to current regulations or accept and refer to DFW and/or the Marine Resources Committee (MRC). The petitioner rational for the change is more about an anti-fishing stance than a scientific concern for the species.

Community:

Maya Archers has a long tradition of holding events that promote uses of the bow and arrow. Events include tournaments, leagues, shooting instruction, conservation classes and bowhunter education. Partnerships with California Waterfowl Association, Department of Fish and Wildlife, City of Roseville and other groups to hold classes/events at offsite locations or at Maya Archery Range.

The next Maidu All Skills Archery Classes will be Saturday, December 17th and January 7th starting at 10am to 12pm. Several Girl and Boy Scout groups are scheduling sessions that will be held on the same Saturdays as the Maidu classes. Classes are held at the site in range far right side. During these classes the site in range is still open except for the wall of hay and sometimes the 20 yard target for extra-large groups. If you're unsure of what's open or procedures, ask the lead instructor/coach running the event. Thanks to all the members who have used the site in range while the classes have been held to keep safety as a priority.

The Sacramento International Sportsman Exposition and Youth Fair (ISE) will be held January 19th through the 22nd at Cal Expo. The youth fair will start Friday at 3pm January 20th and conclude Sunday January 22nd at 5pm. There will be an archery range set up in the youth fair to introduce youth to the sport of archery. The International Bowhunter Education Program, NorCal Region archery clubs and others can man the archery range in shifts. Maya members can contact club president Carlos for more information and to sign up.

I would like to thank everyone for their hard work in making this StickBow classic a great shoot. We had lots of members come out and help set up and take down the day of our shoot. It takes lots of time to set up a range and our members helped out a lot, lots of hours will put in and hard work. Thanks to everyone again. At the next work party we will be replacing bails on winter target 13&14 we will send out a new map of the range because we will be moving targets around. So if you have time come out and help we need some strong men to help out with bails. Remember No Smoking or Drinking on the range....
