Maya News October-November 2017

Hunting News

We are past the conclusion of our archery season as far as general archery deer season is concerned... but you still have a chance to hunt with your bow during the rifle season. I've already heard from several of our members who have been successful in harvesting their buck this season. I have received some photos of their successful hunt and I posted them on our website. I still have a few more that need to get up there, that will happen soon. Many of our other members are elk hunting out of state in Oregon, Idaho, Wyoming, Colorado, & Montana during September. Hopefully I'll have some more photos of successful hunts by our members.

Dave baker

Just a reminder... you must report your harvest within 30 days of being successful, or by January 31st, which ever date is first. Unsuccessful hunters also must report no success or did not hunt by January 31st. Harvest reports can be made online or by mail to the address printed on your tag. Tag holders who do not report will be charged a non-reporting fee of \$21.60 added to your license purchase 2018 – 2019 season.

For those successful hunters who are still interested in learning how to make sausage from their game, there will be a hands on workshop held most likely in late October or early November. I will send out an email to our members with a firm date and time when I confirm the class.

Maya Calendar of Events	5

Community:

Maya Archers has a long tradition of holding events that promote uses of the bow and arrow. Events include tournaments, leagues, shooting instruction, conservation classes and bowhunter education. Partnerships with California Waterfowl Association, Department of Fish and Wildlife, City of Roseville and other groups to hold classes/events at offsite locations or at Maya Archery Range.

The next Maidu All Skills Archery Classes will Saturday October 21st and November 18th starting at 10am to 12pm. Classes can be held at the site in range far right side. During these classes the site in range is still open except for the wall of hay and sometimes the 20 yard target for extra-large groups. If you're unsure of what's open or procedures, ask the lead instructor/coach running the event. Thanks to all the members who have used the site in range while the classes have been held to keep safety as a priority.

Nor Cal

What is Nor Cal? The full name for this regional group is Nor Cal Bowhunters. They represent the areas 9 archery/bowhunting clubs and 3 archery pro shops to California Bowmen Hunters State Archery Association (CBHSAA). CBHSAA and Nor Cal are chartered to the National Field Archery Association (NFAA). What do Nor Cal and CBHSAA do for Archery or Bowhunting? There are many facets to their representation of Archery and Bowhunting. CBHSAA is "Dedicated to Promoting and Protecting the Archery and Bowhunting Heritages". This statewide organization speaks for California Archers and Bowhunters in matters concerning Legislation and Regulation since 1943. The Legislative committee of CBHSAA includes a Coordinator, 6 state area reps and each region group has one legislative representative. Archery is a shooting sport so at times issues arise to limit or exclude the shooting of Bows and Arrows for any purpose. CBHSAA will pursue those actions for the benefit of all Archers and Bowhunters.

Nor Cal /
Legislative

The next Nor Cal meeting will be Wednesday October 11th at Maya's clubhouse; 7pm. Maya is hosting the Nor Cal field championship, October 8th along with the club championship.

The California Fish and Game Commission meeting (CFGCM) held August 16th in Sacramento had a couple of interests related to the uses of bows and arrow. A petition to eliminate bowfishing for sharks and rays was denied by a vote of the Commission. The 2018 fishing regulation package includes adding the take of catfish by bow and arrow in selected waters. The waters are Big Bear Lake, Lake Isabella and Sac/bay delta. Vote to approve this addition will take place at their December meeting.
