Hello Maya Archers.

A new year has arrived and the range is looking nice and green.

For all you members, the Polar Bear League started January 3rd and will continue for 12 weeks every Saturday. Registration is from 7:45 – 9:00am. So if you would like to come out and shoot some 3-D targets come out and have some fun. If this is your first time and not sure how to score just find one of the officers and we would be more than happy to take you out and show you the ropes.

For all you target and hunter shooters, February 15th is the Yuba Sutter archery tournament. It is the first tournament of the year. El Dorado Bowmen is hosting their tournament on 2/28 & 3/1 and is scheduled as a two day shoot. If you would like more information on other club tournaments please go to CBH/SAA and check out the calendar for the entire year. I would like to thank Brad Hasting, our past range manager, and Deborah Deas our past secretary for doing a great job during their term in office. I would like to welcome Andy Palmer your new range manager and Linda Palmer your new secretary as new Board Members.

One last thing, I'd like to thank all of the instructors and members that came out and helped at the Sportsman Show at Cal Expo. Your participation meant a lot for those kids especially those that have never shot a bow before and might grow up to love the sport just like we all do. These kids are the future of archery and we need to show them how much fun this sport can be.

Hello Maya Members,

Andy Palmer
Range
Manager

My name is Andy Palmer and I'm your newly elected Range Master. I've been an archer/bowhunter for 40+ years and have tons of organizational experience. I look forward to serving the members of Maya. My short term goals are to get the range ready for the upcoming "Around the World" shoot on Sunday April 19th. We will be setting up on Saturday April 18th and we will be needing lots of help. This event is our biggest money maker and our range always gets many compliments from the shooters. This is one of your mandated events to reduce your club dues, so come out and meet your fellow members and help us make this year one that stands out. I also plan to send out a very short email questionnaire next month to see what you the members feel are important to you about the range. My goal is to make this range a spot where you can enjoy to shoot, and want to shoot. I look forward to meeting you all and be safe and shoot straight !! Be safe and feel free to contact me.

My email is alp1957@hotmail.com

Andy Palmer
Range Master

**Class Secretary-
Doloris Newberry**

We are in a new year. I'm wondering what has happened to all the archers that used to come out to our monthly club shoots. Our next club shoot is February 8 th. Hope to see you.

I need to apologize to John Martin for failing to post his 20 spot on target # 7 Hunter 11 yards

during our Club Championship. If any of you get a 20 spot, be sure and show target #, yardage and also show field or hunter on back of score card and have another archer with you sign the back of the card.

Don't forget our Club Banquet, which will be held on March 21 at Wilderness Archery in Rocklin.

This is a pot luck. Last names starting with A-L bring a hot dish, M-Z salad or dessert. If you plan to attend, please contact me at 916-798-1813 my cell phone.

Our "Around The World" open is coming up in April. We will be needing a lot of help.

Keep shooting straight- Doloris

Nor Cal /Legislative
Representative
Robert Moore

Nor Cal

What is Nor Cal? The full name for this regional group is Nor Cal Bowhunters. They represent the area as 7 archery/bowhunting clubs and 2 archery pro shops to California Bowmen Hunters State Archery Association (CBHSAA). CBHSAA and Nor Cal are chartered to the National Field Archery Association (NFAA). What do Nor Cal and CBHSAA do for Archery or Bowhunting? There are many facets to their representation of Archery and Bowhunting. CBHSAA is "Dedicated to Promoting and Protecting the Archery and Bowhunting Heritages". This statewide organization speaks for California Archers and Bowhunters in matters concerning Legislation and Regulation since 1943. The Legislative committee of CBHSAA includes a Coordinator, 6 state area reps and each region group has one legislative representative. Archery is a shooting sport so at times issues arise to limit or exclude the shooting of Bows and Arrows for any purpose. CBHSAA will pursue those actions for the benefit of all Archers and Bowhunters.

The next California Fish and Game Commission meeting (CFGF) will be February 11 & 12. Tag allotments for big game species and mandatory deer tag reporting will continue their process with final adoption during their April meeting.

The CBHSAA annual meeting and Big Game Banquet held January 23rd through the 25th went very well. Chuck Adams seminar Saturday afternoon was very informative and the big game banquet had many impressive mounts.

Community

The next Maidu All Skills Archery Class will be Saturday February 21 and March 21 from 10am to 12pm. These classes are held at the site in range far right side. During these classes the site in range is still open except for the wall of hay and sometimes the 20 yard target for extra-large groups. Thanks to all the members who have used the site in range while the classes have been held to keep safety as a priority.

Robert

Editor's Corner : Brent Pruhsmeier bapruhs@juno.com

Welcome to new year at the archery range. The January club meeting was a crowded event. We had many new members joining the club that night along with some returning members who found time in their schedules again. We had several families join, along with some couples and singles too. We heard about the new bows received for Christmas and even some old bows with a new desire to be fired again. As they were telling us why they wished to join, a common theme stated was that they have driven by this place for a while and wanted to try it out.

We do have a nice location. The range is very close to a large number of people and yet it still seems tranquil relaxing on the range. This time of year the range is starting to turn green again. The grasses are growing, the weeds are sprouting and the creek should be flowing, although not much this year. By the time the next newsletter is published we should have the trees budding and coming back to life. Then the maintenance starts up again with the mowing and prepping for the upcoming Around the World event.

For those new to the club, welcome. For those returning, welcome back. Make this club your club by getting involved with the activities such as the Polar Bear League that is currently running. The younger members have youth activities, the old timers meet at the lower range Tuesdays and Thursdays by the brick restrooms. We have the summer league, the broadhead and field point leagues in the summer mornings. Monthly club shoots, the Halloween Zombie shoot, 3D Championship, Toys-for-Tots shoot and lunch, and the yearly banquet.

Meet the people, we have many people here at Maya that are willing to answer questions and give advise or guidance. Robert Moore leads instructor training classes, with the opportunity to help with classes from Maidu Park and Rec., Sportsman Expo Center events, and some events at local schools. If you wish to participate in activities there are plenty of opportunities here.

See myself or some of the other officers for more information.

Brent

After postponing the Swap Meet for fear of bad weather... the date has been moved to January 31st just after completion of the Polar Bear League. For those who are not shooting the league you may bring and setup your items to be displayed for the meet. I encourage others who wish to participate in the swap meet to provide their own tables to show off their items they wish to sell or trade.

Remember anything that pertains to archery and bowhunting is what we are looking for. We all have something we no longer use and those items may be something one of members might be interested in.

Dave Baker
VP-Hunting

We have added a new tab, 'Hunting' on our website... take a look! You will find the dates for our Hunting meetings, Tag Application and deadlines for application information in the Western States, Energy Calculator for your bow, successful photos of our members with their trophies, and forms to enter your trophies clubs Big Game Awards.
