Presidents Report- Carlos Rodriguez 916-201-6798

Hello Maya Members. This is one of those times when I don't have much to say, so I'm going to keep it short this time. For the month of June and July we have the summer league on Thursday afternoon and Saturday morning we have the 3-D Broadhead League and Field Point League. I would like to thank those who come out 6:00am on Saturday morning to help set up all the targets so our members and guest can shoot. One last thing I would like to thank John Tarro for all his hard work. John has been repairing our 3-D Animals for the past 4 years and has done a great job; he has had a lot of great help along the way. So thanks again on making this club better. Well I think that's all for me at this time See at the range...

To all Maya members,

I would like to take this opportunity to let everyone know that I will be resigning my VP Target Position on July 1, 2016.

It has been a great run but it's time for me to pursue other interests. I will help whoever takes the position, ensuring a transfer of learning.

I want to thank all members that volunteered their time and assistance. This help has been important to me over the past 4 years. Without the many hours of labor, our animal targets would not look as outstanding as they do.

It is my hope that members will lend talent and time to the next Target Officer. This club needs all the members working together to make it great. So please volunteer and support our club, its officers and the events that keep us going! Thanks again to everyone.

Sincerely,
John Tarro

Hello Maya Member's,

Range Manager -
Brad Hastings

just a reminder that there is a work party on the second Saturday of each month that starts at 8:00 a.m. There is no smoking on the Range except outside of the gate. You must wear your membership card when shooting on the Range. There should be no high drawing when shooting at the targets and you should stay on the designated shooting lane when shooting at the target. There is no broadheads allowed on the Range except for the broadhead pit; please do not shoot into the hay bales because they are costly and it takes man power and a lot of time to change out. If you have any questions about the Range rules, they are on our website. If you bring a pet to the Range, make sure that they are on a leash. There are a lot of wild animals on the range and there is no shooting at the animals since they are protected by the city of Roseville.

Thanks and have fun shooting on the Range

PS: For the members that are maintaining a target lane, there are a few that needs to be weed eaten and trimmed up. There is a summer league going on now on Thursdays and would like for the lanes to be kept up till all the grass is dead. This should be done ASAP. If you are not sure if your lane needs to be done, you need to go to the Range and check your lane. If you are not able to maintain your lane let me know.

Thanks

Brad Hastings the Range Manager

Nor Cal

What is Nor Cal? The full name for this regional group is Nor Cal Bowhunters. They represent the areas 9 archery/ bowhunting clubs and 3 archery pro shops to California Bowmen Hunters State Archery Association (CBHSAA). CBHSAA and Nor Cal are chartered to the National Field Archery Association (NFAA). What do Nor Cal and CBHSAA do for Archery or Bowhunting? There are many facets to their representation of Archery and Bowhunting. CBHSAA is "Dedicated to Promoting and Protecting the Archery and Bowhunting Heritages". This statewide organization speaks for California Archers and Bowhunters in matters concerning Legislation and Regulation since 1943. The Legislative committee of CBHSAA includes a Coordinator, 6 state area reps and each region group has one legislative representative. Archery is a shooting sport so at times issues arise to limit or exclude the shooting of Bows and Arrows for any purpose. CBHSAA will pursue those actions for the benefit of all Archers and Bowhunters. The next Nor Cal meeting will be Wednesday June 8th at Maya's clubhouse, 7pm. Regional clubs shooting calendar includes Lodi Bowmen hosting the State Broadhead Championship

May 28th and 29th, tri tip dinner Saturday night to benefit the CBHSAA Legislative Defense Fund. June 4 & 5, Nevada County Sportsmen June Shoot. June 19th, Cougar Mountain Archers. Feather Rivers Archers June 25th.

The next California Fish and Game Commission meeting (CFGF) will be held June 22 & 23 in Bakersfield. Agenda has not been posted at this writing but items of interest include upland bird regulations of which a change to require broadheads for the take of turkeys. The Governor has appointed 2 more individuals to fill the vacancies on the Fish and Game Commission. Not sure of their standings on hunting. The California Fish and Game Commission announce the hiring of Valerie Termini to serve as its executive director. Ms. Termini comes from California Ocean Protection Council staff where she has served as the fisheries policy advisor and as interim executive director.

The next Maidu All Skills Archery Classes will be Wednesday, June 8th and July 13th starting at 6:30pm to 8:30pm. Classes are held at the site in range far right side. During these classes the site in range is still open except for the wall of hay and sometimes the 20 yard target for extra-large groups. Thanks to all the members who have used the site in range while the classes have been held to keep safety as a priority.

Maya participated at the Barbara Chilton Middle School running an Archery Range for their Renaissance Fair May 6th. Several hundred youth used recurve or Genesis bows to have fun.

Hello Maya Members!

The Around the World shoot was a big success, and we had outstanding feedback on the raffle itself. Thank you to everyone who donated to the club whether it was our members or our sponsors who donated to the club. We had a great raffle prizes, and some very happy winners! A special thank you to the members who volunteered at the booth with me - that was a very smooth raffle.

What's next from me? Gearing up for the 2016 Stickbow Classic shoot in November! If anyone has any ideas of where they would like to see donations from or if you have something you'd like to donate yourself, please let me know.
