Maya News June-July 2017

July club meeting will be moved to July 11th

Hello Maya members as you all know by now we have canceled the Broadhead league and field point league this year. It has been canceled due to not having access to the lower section. The Placer flood control bridge Construction will start next month. They will have a staging place on part of our parking lot by the bridge but the field course will still be opens to our members. I will keep you all informed if something changes.

During construction, they will have someone at the gate letting workers in and Maya members in so make sure you have your current ID card with you just in case they ask for it. Hopefully everything goes smoothly with the construction. That's is all I have to report.

See you at the range...

Membership

Membership renewals will be mailed approximately within a week after the last Work Party on June 10th. This will be your last chance to earn credits towards membership dues. I will be handling all membership questions again this year as last year. If you have any questions about your renewal bill, please direct them to Dave Baker. I will be handling over 400 members this year again and I'm sure there will be many questions about your renewal bill.

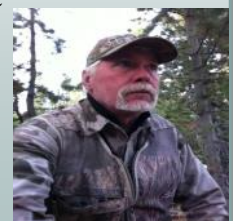

I also need to know from our 'Senior' membership if you have reached the age of 70 or **Seniors under 70** that have limitations in regards to working during work parties. It's important that we note this in your profile to avoid billing future issues as the results for not attending the 2 mandatory work parties.

Another issue that has caused many questions in the past is **Adult** members who have reached the age of 55 and are now eligible for **Senior** membership status. To avoid billing issues, it important that I know your status changed and I can resolve your dues owed by moving you to a Senior member.

You can contact me directly by phone or email... include your Name, Membership ID, phone number and reason for your call.

Wyoming

Antelope and deer application are due May 31st. There is also a change coming for leftover tags in Wyoming. The past several years' leftover tags were only available on a first come first served by online application. The proposed change is to go back to a draw system for leftover tags.

Big thanks goes out again to all that helped make the Around the World great. Turn out was very low but with Easter and the weather it was somewhat expected. The turnout does not take away from all the hard work that went into making the range look great and getting everything setup.

We have discussed changes that will hopefully prevent us from dealing with low turnouts on Easter going forward.

With the bike lane closure mentioned by Carlos, the Stickbow Classic will be different like the Around the World was because we will only have the top of half of the course to work with. Stay tuned for updates on the Stickbow as it gets closer.

Thanks,
Jeff Azar

Nor Cal /
Legislative

Nor Cal

What is Nor Cal? The full name for this regional group is Nor Cal Bowhunters. They represent the areas 9 archery/bowhunting clubs and 3 archery pro shops to California Bowmen Hunters State Archery Association (CBHSAA). CBHSAA and Nor Cal are chartered to the National Field Archery Association (NFAA). What do Nor Cal and CBHSAA do for Archery or Bowhunting? There are many facets to their representation of Archery and Bowhunting. CBHSAA is "Dedicated to Promoting and Protecting the Archery and Bowhunting Heritages". This statewide organization speaks for California Archers and

Bowhunters in matters concerning Legislation and Regulation since 1943. The Legislative committee of CBHSAA includes a Coordinator, 6 state area reps and each region group has one legislative representative. Archery is a shooting sport so at times issues arise to limit or exclude the shooting of Bows and Arrows for any purpose. CBHSAA will pursue those actions for the benefit of all Archers and Bowhunters.

The next Nor Cal meeting will be Wednesday June 14th at Maya's clubhouse; 7pm. NFAA petitions will be discussed and voted on so the NorCal president can take our vote to the CBHSAA president meeting on June 17th.

The next California Fish and Game Commission meeting (CFGCM) will be held June 21 and 22 in Smith River. Agenda has not been posted at this writing but should include upland bird regulations.

Community:

Maya Archers has a long tradition of holding events that promote uses of the bow and arrow. Events include tournaments, leagues, shooting instruction, conservation classes and bowhunter education. Partnerships with California Waterfowl Association, Department of Fish and Wildlife, City of Roseville and other groups to hold classes/events at offsite locations or at Maya Archery Range.

The next Maidu All Skills Archery Classes will be Wednesday June 7th and July 12th starting at 6:30pm to 8:30pm. Summer Archery Camps with Roseville Parks and Recs start mid-June through mid-August. A few of these classes will be held at Maya following range rules and etiquette. Classes can be held at the site in range far right side. During these classes the site in range is still open except for the wall of hay and sometimes the 20 yard target for extra-large groups. If you're unsure of what's open or procedures, ask the lead instructor/coach running the event. Thanks to all the members who have used the site in range while the classes have been held to keep safety as a priority.

Scheduled is an Advanced Bowhunting Clinic with Department of Fish and Wildlife for Saturday June 10th, 8am to 6pm. The Field Range will be closed during this time to accommodate the class for safety reasons.

Community
Robert Moore

Maya, Department of Fish and Wildlife (Advanced Hunter Education Program) and the International Bowhunter Education Program have partnered to host an Advanced Bowhunter Clinic Saturday June 10th on the Field Range. This is a new class with DFW Advanced Program to offer hunters more hands on information and experience to bowhunting. The field range will be closed Saturday June 10th from 6:30am to 6:30pm to host the clinic and for safety reasons.

Hello Maya members

Just a reminder that when you're on the range shooting there's no smoking, the range is starting to get more brownish.

Since the bales were way over past due for replacement, we finally have some in ready to go. So on the second Saturday of next month, we need as many people as possible to help lay out the bales so we can have nice bales to shoot at again. Work party starts at 8:00 AM
