# Maya News

## August– September 2020

Hello Maya members,

I hope everyone is doing well, due to COVID-19. As of now no member has tested positive that I know of. Things at the range are running smoothly. We ordered 24 big boys archery targets to replace half of the range and get rid of the straw bales. We hope to have the whole field range done by the end of the year with all new Big Boys targets.

### INSIDE THIS ISSUE

<a href="#">Residents report Membership</a>	1
<a href="#">Community Classification</a>	2
<a href="#">Hunting Nor Cal Newsletter</a>	3
<a href="#">Maya Calendar of Events</a>	4

As of now we are holding the club meeting out side along with orientation. Big thanks to Brent P, Robert W, Robert M, Dave B, and Sharyn G for helping during the club meeting and keeping social distance during orientation. The health of our members and friends is very important to us. Everyone has been doing a good job on keeping social distance at the range thank you very much.

Now moving on to other club events as of now, the Sicks Bow, Zombie shoot and Toys For Tots are pending due to COVID-19. We will keep you posted the closer we get to the shoots. The club field championship which is held on October 11th is open to the public but we might make this a member shoot only, we are also thinking of making it a Saturday and Sunday shoot just to keep social

distance for our members. We will send out an email to confirm all the events. I'm sure I'm forgetting something but I'll get it on the next newsletter.

Carlos

We had a tremendous response in renewals for 20/21 membership year. Thus far we are currently at 308 current members. We ended the previous membership year with 393 members. I've only had a few problems with the mail where new cards sent back or were never received in the mail. For whatever reason the mail has seemed unreliable and slow lately! If you have sent your renewal in and have not received your card back, be sure to contact me so I can get the problem solved.

Dave baker

Currently we have suspended our General Business Meetings and are only taking new members in a modified meetings. The new members will be doing their orientation at the same time on the second Tuesday of the month at 7 PM.

Work Parties have begun again on the second Saturday of the month for those who wanting to work on work credits. All work will be held outside.

**Community:**

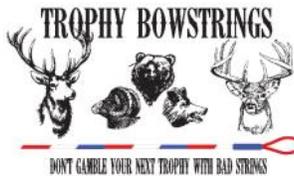

Maya Archers has a long tradition of holding events that promote uses of the bow and arrow. Events include tournaments, leagues, shooting instruction, conservation classes and bowhunter education. Partnerships with California Waterfowl Association, Department of Fish and Wildlife, City of Roseville and other groups to hold classes/events at offsite locations or at Maya Archery Range. Maidu All Skills Archery Classes for Roseville Parks and Recs. has been suspended for an undetermined time. Individual and Family group instruction is taking place on a limited scale as health directives allow. Bowhunter Education classes are suspended by CDFW at this time.

Community  
 Robert Moore

Classes can be held at the site in range far right side. During these classes the site in range is still open except for the wall of hay and sometimes the 20 yard target for extra-large groups. In general when this part of range is used a vehicle is placed between the lane for the broadhead pit and the wall of targets. This allows the archers of each area to function independently of each other. If no vehicle is parked to separate the shooting area the shooting line runs the full distance with shooting and retrieving of arrows at the same time. If you're unsure of what's open or procedures, ask the lead instructor/coach running the event. Thanks to all the members who have used the site in range while the classes have been held to keep safety as a priority.

**Hunting**

August 15<sup>th</sup> is the beginning of the California Inland Archery season and it's coming quickly. I want to wish all you bowhunter's a great season. It will be warm I'm sure and you'll want to be prepared for strenuous hunt. For those of you who use ON X, be sure to download your maps before heading a field... not like some person I know who tends to forget. Also you would be wise to update your GPS if that is what you use for navigation! You might find competition in campgrounds in the mountains. On several scouting trips there seems to be a lot of hikers and campers this year in places they've never been in the past.

Dave baker

Hopefully those who were lucky enough to draw an out of state tag... antelope, deer, and elk will have a great season. From all I've been hearing, Colorado has issued a record number of OTC tags. So be prepared to see a lot of bowhunter's this year and be prepared to move to other locations if you run into a crowd of hunters.

For those who are wanting to upgrade their backpack, take a look at 'SCHEELS' online for great sales of Mystery Ranch packs... up to 25% off.

Lastly, I want to wish you all good luck this season and be sure to travel and be safe when afield. And for those who are successful in their hunt, be sure to send me picture of you trophy so we can put it up on our website.

Dave Baker, VP Hunting

**Nor Cal**

Nor Cal / Legislative

What is Nor Cal? The full name for this regional group is Nor Cal Bowhunters. They represent the areas 9 archery/bowhunting clubs and 3 archery pro shops to California Bowmen Hunters State Archery Association (CBHSAA). CBHSAA and Nor Cal are chartered to the National Field Archery Association (NFAA). What do Nor Cal and CBHSAA do for Archery or Bowhunting? There are many facets to their representation of Archery and Bowhunting. CBHSAA is "Dedicated to Promoting and Protecting the Archery and Bowhunting Heritages". This statewide organization speaks for California Archers and Bowhunters in matters concerning Legislation and Regulation since 1943. The Legislative committee of CBHSAA includes a Coordinator, 6 state area reps and each region group has one legislative representative. Archery is a shooting sport so at times issues arise to limit or exclude the shooting of Bows and Arrows for any purpose. CBHSAA will pursue those actions for the benefit of all Archers and Bowhunters.

The next Nor Cal meeting has not been scheduled. The regional field championship has not been schedule at this time. The next California Fish and Game Commission meeting (CFGC) will be held August 19 & 20 by teleconference. Agenda posted for Thursday of interest, 26. Wildlife and inland fisheries items of interest from previous meetings these items are generally updates on topics recently heard before the Commission. (A) Discuss urban coyote issues 27. Wildlife and inland fisheries petitions for regulation change Consider requests submitted by members of the public to adopt, amend, or repeal a regulation. (Pursuant to Section 662, Title 14, CCR) (A) Action on current petitions I. Petition #2020-008: Elk hunting suspension. This petition lists reason as the outbreak of hoof/mouth disease in Humboldt/Del Norte County. The petition will be considered by the commission generally to have it moved to CDFW for status and review. The next meeting will be October 14-15, 2020 by webinar/teleconference.

Robert

Hello Maya,

The Last two months have had a very high number of new members. When we are out on the range and you see a new face, say hi to the new members and let them know that if they have any questions we are here to help them. This is their range too and to be used and enjoyed.

We have not had a big turnout for the work days, but we have been getting a few things done at them. There has been a lot of cardboard cut for new paper targets to get glued onto. The cut cardboard is in the attic about the meeting room.

There is plenty up there to have the target faces glued onto for the next work party. Around the club house is looking nice, thank you for all that have been coming out to keep the place looking nice.

The next item we have is the Halloween shoot. For the new members, this is a food drive for Placer County. The public are welcome when they bring some canned food. My helpers will most likely not be able to assist this year do to some scheduled events in their lives so I am reaching out to the members to assist with decorating the range for the Halloween shoot. The shoot will be held the Sunday before Halloween, October 25th this year. If you can help, give me a call and we can go over what needs to be done. If you have ideas for targets I welcome those also.

I think we can make this shoot work as we can keep it all outside and social distanced from each other.

<b>August – 2020</b>	
<b>August 4th</b>	New members can join at 7 PM, August 4 <sup>th</sup> at the range outside the clubhouse. It would be wise to have a mask available, but not required if practicing social distancing. New members should be prepared to complete the membership form and pay their fees by check, card or cash that evening. All new members will need to bring their bow to complete their orientation. New members are required to finish orientation before access is granted to the range... no exceptions.
<b>August 8th</b>	Work Party 8:00 am – Club Shoot after 12 pm. New Member Orientation 8:00 am
<b>August 9th</b>	Club Shoot – 9:00 am
<b>August 25th</b>	Board Meeting – 6:30 pm – ?
